

College of Computer Science and Information Technology Achievements Report - October 2025

During October 2025, the College of Computer Science and Information Technology achieved a series of academic and administrative accomplishments that contributed to fulfilling the requirements of the first semester, enhancing the quality of institutional performance, and ensuring full readiness for the start of the second semester of the 2025/2026 academic year

First: Exams, Assignments, and Grading

All final exams for courses were completed in accordance with the approved academic regulations

Student assignments and academic activities were uploaded to the educational portal on schedule

Grades, assignments, and final exams were recorded and thoroughly reviewed in coordination with department heads and the examination control office

Final results were approved after review, and any grade-related issues were corrected

Instructions regarding exams and grading were distributed to all departments and faculty members

Second: Schedules and Curricula

The schedules for the first semester of the 2025/2026 academic year were finalized for all academic departments

The final schedules were reviewed and modified based on feedback from the academic departments

The curricula and course descriptions were received, reviewed, and officially approved by the faculty

The courses were updated, and new materials were added to align with the requirements of the academic programs

A lecture schedule was prepared and its alignment with the overall semester timetable was ensured

Third: New Faculty Appointments

During October 2025, several new faculty members were appointed across various academic departments, as follows

Department of Computer Science: Dr. Ammar Mohammed Yasser Ali Al-Daqqaq – Assistant Professor

Department of Information Systems: Dr. Rania Refaat Mahmoud Mathkour – Assistant Professor

Dr. Saleh Abdullah Saleh – Assistant Professor

Mr. Alaa El-Din Tayseer Irfan Dandis – Lecturer

Dr. Bassam Abdo Abdullah Al-Hamli – Assistant Professor

Department of Data Science and Artificial Intelligence: Dr. Taghreed Elsayed Ibrahim – Assistant Professor

New faculty members have been added to their respective departments and courses, and their academic and administrative files have been completed. They have also been assigned to courses according to their specialization

Fourth: Promotions Committee

The college's Promotions Committee has been restructured according to the new decision and its work has been officially activated

Dean of the College – Committee Chair: The committee is composed as follows :

1-

2- Vice Dean of the College – Vice Chair .

3- Heads of Academic Departments – Members .

4- Administrative Affairs Representative – Committee Secretary .

Communication channels for the committee have been opened, and new academic promotion files are being received

Fifth: Supporting Faculty Members

Certificates of appreciation have been sent to faculty members who have excelled in academic and administrative performance

Links to the certificates of appreciation have been distributed through the college's official groups, including

Dean of the College

Vice Deans of the College

Heads of Academic Departments

Distinguished Faculty Members

Certificates of excellence for the honored professors have been sent privately, along with messages of appreciation for their dedicated efforts during the semester

An awards ceremony was held to honor outstanding faculty members, trustees, and students, during which shields and certificates of appreciation were distributed

Photos and a summary of the event were shared in the college's groups, along with messages of appreciation and encouragement

Sixth: Student Support and Academic Affairs

New students were added to their course groups and provided with all the necessary information regarding the online learning platforms

Student attendance and academic interaction with faculty members were monitored through the online learning platforms

Academic issues encountered by some students during exams and assignments were resolved in coordination with the relevant departments

Some courses were converted to a self-learning system to ensure the continuity of students' education

Seventh: Events and Recognition

An official ceremony was held within the college to recognize the efforts of the Dean, Vice Deans, Department Heads, and outstanding faculty members

Certificates of appreciation were distributed to all honorees during the ceremony

Links to the certificates of appreciation were shared in the college's groups for all categories

Certificates of excellence were sent privately to distinguished professors in recognition of their contributions and efforts

Formal letters of thanks and appreciation were sent from the Dean and Vice Deans of the College to all those who contributed to the success of the educational process

Eighth: Readiness for the Second Semester of the 2025/2026 Academic Year

All final adjustments to the course schedules for the upcoming semester have been completed based on departmental feedback

New students have been added to their course groups for the new semester

New faculty members have been added to their respective course groups

The updated curricula and course materials have been uploaded to the educational platforms and are ready for the start of classes

The readiness of all educational, technical, and administrative systems has been confirmed for the commencement of the second semester
